Loss of two or Three Thousand Lives. The Indian mail brings advices of another of those dreadful earthquakes for which Ternati and the adjoining localities in the Moluccas are proverbial. An eruption of the active volcano on the island of Great Sangir, in lon. 125 50 E., and lat. 3 50 N., has occurred. The north-western part of Great Sangir is formed by the mountain Awu, which has several peaks, the highest being about 4,000 feet above the sea. On the west side the mountain runs very steep into the sea, at the hight of the large village Khanhar, however, falling away to a low promontory. Between 7 and 8 o'clock on the evening of the 2d

of March, a sudden and altogether indescribably crashing noise was heard, which, indicating to the Sangirese an eruption of the volcano, filled them with consternation. Simultaneouly with this, glowing lava streamed downward with irresistible force encountered on its destructive course, and causing the therefore, exceedingly limited. sea to boil wherever they came in contact. The hot springs opened up and cast out a flood of boiling water, which destroyed and carried away what the fire had spared. The frightful violence-dashed the land, as if it strove to overmaster the fire

This frightful picture of destruction, the horror of which was increased by the shrieks of men and heasts, the wild roaring of the tempest, and the crushing of thousands of trees torn up and carried away, from the mountain to an immense hight, and fell. illumined by the glare of the lava, like a shower of fire upon the surrounding country below, producing a darkness that, only now and then momentarily

darkness prevailed.

The liquid fire seems at this point to have flowed from the mountain with irresistible force and in prodigious quantity. Not only has this learful flood, as it were, buried the whole district and all that was upon it but after having caused this destruction over an extent of several miles, it was still powerful enough, on reaching the shore, to form two long tanjongs (capes) at places where the depth of water formerly consisted of many fathoms.

A number of other districts and places have been. some wholly destroyed, others greatly injured by nent; the fire.

The loss of life has been great. It is estimated as follows, in the undermentioned districts: Taruna, men women and children, 722; Kindhar, men women and children, 45 Tabukan, men, women and children

The greater number met their death in the gardens. They fled in all directions, but were overtaken and swallowed up by the fatal fire-stream. Some tried to save themselves in the trees, but were either car ried away with them or killed by the scorching heat. At Kalongan and Tariang the houses were filled lava streaming down on all sides and the streams of boiling water, and who met their death under the had reached the shore and thought themselves safe, became a prey to the furious waves, and many died through sheer despair and agony.

We do not believe it. however, from the fact that a report drawn up by somebody, and signed by nobody, setting forth the extortions which they alledged have been committed spread before the people simultaneously with the report of the proceedings of the public meeting. Indeed, the committee have not taken any pains to dispute the fact, and to all intents and purposes have admitted that the report on the corruption in the public offices was drawn up by a sub-committee of their body appointed for that purpose. This fully explains the character of the resignation movement, and establishes beyond doubt, when taken in connection with the petition submitted to the Board of Supervisors by the people's committee on a recent occakeep the committee together.

These propositions were rejected by the Vigilance Committee. Such is the present at-

"Hon. James Buchanan - We publish below an admirable letter from this distinguished statesman, [letter in regard to the Compromise of '50,] which, in the present juncture of affairs, will be read with great pleasure and satisfaction. The position of Mr. Buchanan, throughout the whole agitation which has shaken and convulsed the country, has been uniformhas won not only the APPROBATION but the AP-PLAUSE of liberal and high-toned men in every portion of the Union! He is opposed to further agitation upon the slavery question, and to the modification with people, who were stopped in their flight by the of the Fugitive Slave Law, and condemns without reserve the factions and corrupt demagogues of his own State, who, unmindful of good faith and the obligaburning ashes and the tumbling houses. Many who tions of the Constitution, still persist in keeping open a question full of mischief and danger to the South.

The course of Gov. Johnston is expressly referred to by Mr. Buchanan in terms of clear and decided condemnation. > O. P. MEARES, C. & M. E. August 22, 1856.-51-ts VALUABLE PLANTATION AND OTHER LANDS

Given under my hand at office, August 16th, 1856.

FOR SALE. In accordance with the will of the late Samuel C Eboin, the Subscribers offer for Sale that Large and Valuable Farm, situated in the lower part of Beaufort Counof the finest Farms in the State. It contains EIGHT HUN-DRED ACRES OF LAND, Five Hunored Acres of which are Cleared and in good farmer-like order. Of the Cleared good Upland, suitable to Cotton, Ground Peas and Cow Peas, Sweet and Irish Potatoes, Turnips and Root Crops in general, Wheat, Oats, Beans, Horticulture and Fruit. The remaining Four Hundred Acres of Cleared Land is rich Swamp Land, well drained, recently cleared, and under a fine state of cultivation. There is no better Corn Land in the State, and it is easily cultivated. We believe that in natural fertility of soil, durability, and in number of bushels of grain produced by the acre, this land will not suffer in comparison with any in the State. The splendid crop now upon it justifics, in our opinion, this assertion. The overseer believes that the present crop of corn on the swamp land will yield. when gathered, from fifteen hundred to two thousand barupon it, and easily drained. Underlying the whole of this swamp land, cleared as well as uncleared, is a rich Marly Subsoil, giving, as experience on this farm proves, great durability to the land. This land is not liable to freshets. It is within a mile of Pungo River and Pantigo Creek, and twenty-eight miles from Washington on the main public road leading from that town to Hyde County. Sea vessels load and unload within a mile of the premises, thus rendering the surplus products of the farm easy of exportation to the best markets of the country. The waters of Pungo and tributaries yield fish in abundance. It is a first-rate range for stock, especially for hogs and cattle, in winter as well as

There is a large, well-built and commodious Two Story HOUSE; Kitchen, Smoke Houses, large Barn, Carriage House, Crib, Stables, Poultry Houses, good framed Negro Houses, and every other necessary out house. There ere houses have been constructed and the yards and shade trees arranged with good taste and architectural beauty, and the farm is well laid off and presents from the house and to the passer by a most beautiful appearance.

We also offer for Sale Two Hundred and Seventy-Five Acres of Uncleared Land on Jordan's Creek, in Beaufort County. This is well Timbered, and a portion of it is good Swamp Land. Also, Thirty-Three and a Third Acres of Land in

Leechville District, Beaufort County. Also, One-Fourth part of a Tract of Land, consisting of Four Hundred Acres, on which John B. Eborn, deceased, resided at his death, situated on the North side of Pungo Creek, in Beaufort County, near the mouth of said stream. We are authorized to state that the whole tract can be purchased at a fair price. There is a Farm on this tract and a Dayelling House, and presents superior natural advantages for farming and raising stock.

The Title to all this property is undisputed, and can be purch ased on easy and liberal terms. The Mules on the Plantation, together with the Hogs, Cattle and Sheep, can be purc hased with the farm if desired For farther information, apply either to R. D. FOR THE WEEK ENDING AUGUST 21ST, 1856 TURPENTINE-From our table below it will be seen that here was considerable activity in the market for this artile, at an advance of 72 cents for hard and 15 cents for soft up to the close of Monday. On Tuesday, however, there was less disposition on the part of buyers to operate and pri- for repacked Chicago. Lard is firm, sales of 250 bbls. at 135 ces gave way fully 35 cents, with sales at \$2 80 for virgin and yellow dip and \$1 55 for hard, per 280 lbs. This morn-

ing one or two small lots have changed hands at a decline of 5 cents on above figures. The receipts continue light, and the sales for the week foot up 3,306 bbls., as follows: Bbls. Virgin. Yel. Spirits Turpentine—Since our review of Thursday last Chursday.

the market for this article has ruled unsettle, and shows a decline of fully 4 cents on quotation of this day week. At the time of closing our enquiries this morning sales have been effected at 36 cents, at which figure the market is quiet The week's transactions foot up only 1,885 bbls, viz: Thursday.... 404 bbls. at 40 cents per gallon. Saturday ... 300 " Monday 56 " Tuesday 400 " Wednesday .. 625 " 100 " Thursday.

Rosin-There has been very little done in either grade since last review. The receipts of Common have been small, and for the parcels on market holders are generally demanding \$1 20 for large bbls., which figure is above the views of ouyers; stock light. The sales for the week are as follows: Friday..... 1,000 bbls. at \$1 15 for large size bbls. Monday..... 1,100 " 1 20 per bbl. of 310 lbs. Monday..... 1,100 " 1 20 per bbl. of 310 lbs. Nos. 1 and 2 seem to be in fair enquiry, and only small parcels offering. Small sales of the former at \$2 75 a \$3, as in quality; and the latter at \$1 25 per bbl.

TAR-We notice a fair enquiry from buyers and none worthy of note arriving. A small lot was brought in on Friday last and sold at \$1 45 per bbl; and Wednesday 27 bbls. went at \$1 55 -- an advance of 15 cents over quotation of last COFFEE -There is a fair stock of nearly all descriptions in

store, and the market rules quite dull; nothing has been done for some weeks past, except in a small way. We refer to our table for store rates, as in quantity and quality. Corron-Is in some enquiry, but in the absence of receipts cayed cells in the crowns of teeth, so solid and beautiful that we have no transactions to report, and cannot, therefore, give the initials of the name may be engraved on them. a fair quotation of the market.

erel are in fair stock, and dull at \$6 a \$6 50 per bbl., from store. See table for quotations of Herring. FLOUR .- The continued light receipts of this article have caused a further advance during the past week of 50 cents. The late foreign advices are unfavorable, and represent a decline, but it has had no effect on our market, owing mainly to the extremely light supply in dealers hands. Little or none arriving per river from Fayetteville, and only small

parcels received by railroad. The only sales during the week

GRAIN.-The market for Corn remains about the same. which parcels are generally taken on arrival; fair supply in store. The receipts for the week comprise 7,000 bushels from Hyde county, 2,000 of which have gone into store, 3,600 bushels sold at 61 cents per bushel, and 1,400 do on private terms. About 1,200 do. received from up river and sold at 63 a 64 cents, according to quality—the market closing at 61 cents We quote from store at retail at 65 a 70 cents, in lots to suit. --- OATS .- In this article there has been nothing done except in the retail way. Little or no demand exists, and there is a fair supply in dealers hands. See table for last sales .--- WHITE BEANS .- No receipts, and none in market; in fair demand. We quote nominally at \$1 75 a \$2 per bushel. - PEAS. - The stock of Cow on market has been materially reduced, in consequence of the limited receipts, and we note only one or two small parcels in dealers hands. There is a fair demand, and we quote at 85 a 90 cents per bushel, as in quality. — RICE — The market for clean is without change. There is a fair stock in store, and no demand except from retailers. Small sales at 31 a 44 cents per lb., as in quality .--- WHEAT .- Since our last review we have no transactions to notice The advices from other markets represent a further decline, in consequence of which purchasers are not disposed to operate unless at a reduction in price, which sellers do not seem disposed to accede to, and are asking previous figures-\$1 45 for red, and \$1 524 for white. Parcels have arrived freely during the week per railroad, and a large portion is being shipped. HAY .- No receipts that we are aware of, and consequently we have no transactions to report. We notice very little demand, as dealers have a full stock in store. See table for

sel at 85 a 95 cents, and from store at \$1 20 a 1 30 per cask

Liquor-No change. See table for store prices according o quantity and quality Molasses-In the absence of arrivals for some time past the supply of Cuba on market has become materially reduced; there is, however, very little demand at present exis-

ting. We quote in barrels at 45 cents, and hhds. at 40 a 42 cents per gallon, as in quantity.

Provisions—For N. C. cured Bacon the market has ruled exceedingly dull for the week just ended. There is a fair supply in first hands, and owing principally to the high pri-ces at which it is held there is little or no demand from retailers, and appearances indicate a downward tendency in prices. The sales have been confined to small parcels at 15 a 16 cents for hog round, and 134 cents for sides and shoulders. We refer to quotations in table, which will be found about the mark. Western cured is in good supply, and in the absence of the usual demand, the market has ruled very quiet during the week at a shade decline on shoulders. We ote small sales from store at 112 a 112 cents for shoulders and 122 a 13 cents per lb. for sides, as in quantity;—sugar cured hams are in full supply and sell slowly at 14 a 15 cents per lb .- LARD-The market continues to be very poory supplied with this article, and the receipts of N. C. make are not sufficient for the demand for retailing purposes We note one or two small parcels received and changed hands at 15 cents per lb. in bbls. Western sells from store at 142 a 15 cents, as in quality.—BUTTER-No change in prices. Northern sells at 24 a 26 cents, and N. C. at same price.

quantity. SALT-We notice rather more enquiry for this article during the past week, and sales are easily made. A cargo of 2,-700 sacks ground received a few days since from Liverpool and changed hands at \$1 15 per sack, 90 days. Sells from store at \$1 25 a \$1 30. Alum is in moderate supply, and dull at quotations. See table.

---Pork-There is a fair supply of Northern Mess in store,

with a limited demand, and the market rules dull ;-only

small sales have been made at \$22 a \$22 50 per bbl., as in

Sugars-No change in prices. The supply in store is exceedingly small, and prices rule high. See table. Shingles-There is no demand existing for either quality, and very few arriving. No sales worthy of note, and quotations are merely nominal. See table.

Timber—The market rules about the same as reported

for several week's past. Only a few rafts have been brought in, and but few sales have been made. See table. FREIGHTS-In consequence of the small number of vessels that have arrived within the past week, but very few are now in port, and an advance in barrel freights coastwise is anticipated. We refer to our table for last prices paid .-Wheat continues to arrive freely, and we learn that one vessel has been taken up to load for New York at 7 cents per
